

IC1 Indoor Cycle

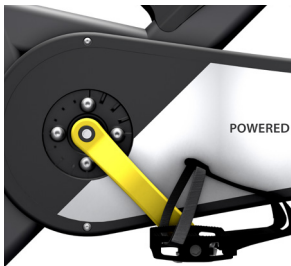

Powered by ICG®

The IC1 is the entry-level bike in the Cybex Indoor Cycling Series powered by ICG. Made specifically for the home, the IC1 brings exercisers quality engineering and durability, driving performance with every ride.

USER AMENITIES

Poly-V Belt Drivetrain

Quieter, stretches less, and transfers more power than other belts, ensuring less maintenance, fewer breakdowns, and improved pedaling techniques.

Sweat Guard

Improves rider's performance and promotes a longer bike-life by protecting the frame, resistance assembly and flywheel.

Classic Design

Perimeter-weighted front flywheel helps exercisers develop an even, 360° pedaling technique.

Wired On-board Computer

Intuitive performance measurement effectively demonstrates intensity and effort. Shows cadence, heart rate and calorie expenditure.

POWERED BY ICG®

SPECIFICATIONS

Resistance System	Friction
Emergency Stop	Push
Flywheel	Front, steel, 40 lbs. (18 kg)
Drivetrain	Poly-V belt
Drivetrain Gear Ratio	1:3
Frame Color	Matte slate
Frame Material	Steel
Shrouds/Guards	Drivetrain & resistance technology
Frame Design	Parallel
Q-Factor	6.81" (173mm)
Crank Type	CrMo 6.79" (172.5mm)
Pedal Type	Regular & toe cage
Handlebar	Multi position, PVC
Saddle	Unisex padded sport saddle
Water Bottle Holder	Single, on frame
Frame Stabilizer Bars	Standard
Adjustment Type	Dials & levers
Posts & Sliders	Chrome plated, pin-to-lock adjustment
Handlebar Adjustments	Vertical
Saddle Adjustments	Vertical & horizontal
Console	Wired on-board computer
Power Supply	Batteries
Max User Weight	287 lbs (130 kg)
Dimensions L×W×H	45.3" × 21.7" × 43.3" (115 × 55 × 110 cm)
Assembled Weight	112 lbs (51 kg)
Leveling Feet	4
Transport Wheels	2
Warranty <i>(May vary outside U.S. — contact local sales rep. for warranties)</i>	Structural frame: 5 years Mechanical components: 3 years Other parts: 1 year
